

# **SP&H's 2006 Fall Charity Gala Silent Auction and Casino Benefiting The Harmony Project**

*“Investing in Children And Communities Through Music”*

Sanli Pastore & Hill always gives back to the community! This year, we adopted “**The Harmony Project**” as the beneficiary of our 2006 Annual Fall Charity Gala Silent Auction and Casino. Our event will take place on November 11<sup>th</sup> 2006 at Twentieth Century Fox Studios, Century City.

The Harmony Project is a non-profit organization established in April of 2001 with a vision of serving the cultural and artistic needs of underprivileged children in the Los Angeles area. Their mission is:

*“To promote the healthy growth and development of children through the study, practice and performance of music. To build healthier communities by investing in the positive development of children through music. To develop children as musical ambassadors of peace, hope and understanding amongst people of diverse cultures, backgrounds and beliefs”*

The Harmony Project currently provides private and group orchestral instrument instruction, music theory, choral singing, recital performances and regular field trips to live events. Instruction offered by qualified teachers and musicians, as well as all musical instruments, are provided to each child at no cost to the child or their family, and based upon family income.

The Harmony Project accomplishes this by:

- ❖ Bringing quality music instruction to children who otherwise would not have access to it.
- ❖ Complementing music education with supporting resources and opportunities.
- ❖ Fostering a community of families that actively support their children growth and development.
- ❖ In addition to receiving quality musical education, each child is able to participate in a program that offers the consistency that is often lacking in their daily life. Children develop the skills of personal discipline, dedication, responsibility, and cooperation that help them function as healthy individuals within a community.
